

Part Time Maintenance Worker

The town of **South River** is currently recruiting for a part-time **Maintenance Worker**.

This position will be responsible for performing water and wastewater functions and other required maintenance duties including, but not limited to:

Municipal Water System

- Check chlorine levels at various points throughout the Town on weekends and holidays;
- Maintain levels in the chlorine barrel, adding chlorine as required;
- Record daily water readings, submitting them weekly;
- Report any issues with chlorine levels, equipment, etc.; and
- Maintain the Town's water and wastewater systems.

On Call

- Respond to emergency situations involving the Town's water and wastewater systems;
- Be available during severe weather events to address urgent situations as necessary (when requested).

General

- Assist maintenance staff with assigned tasks, when required;
- Complete other maintenance duties and provide maintenance support, as required.

The ideal candidate will possess the following qualifications:

- High school diploma;
- Class 5 driver's license, with a valid and clean driver's abstract;
- Ability to work with minimal supervision;
- Ability to work proactively with a safe work ethic;
- Ability to work outside in various weather conditions; and
- WHMIS Certification.

If you are interested in this position please apply no later than **Friday, May 28, 2021** by forwarding a cover letter and resume to:
