How to Recycle

Sort It

- Sort recyclables into two groups: Containers and Paper Products.
- Make sure everything is clean. Rinse and drain beverage.
- Remove lids and caps from your containers, and remove wrap from boxes and paper.

Bag It

- Place paper products and containers into separate clear or transparent blue bags.
- Use only clear blue plastic bags and place recyclables loosely in the bag.

Curb It

- Place your separated clear or transparent blue bags at the curb on recycling day.
- You do not need to cover your recycling.
