PUBLIC MEETING

Re: Application for a 4-Unit Development

The Town of South River has received an application to construct a 4-unit seniors row house development at 98-104 Conception Bay Highway. The proposed development consists of 4 one-bedroom, single story units with a garage. The overall measurement of the structure will be 128 feet x 40 feet. This is a discretionary use in the mixed development zone.

The Town received a petition asking for public consultation and will hold a public meeting to hear from its residents and property owners before deciding on the application. Residents and property owners, especially those in the area of the property in question, are invited to attend the public meeting to share their views.
